Subject Index

Abdominal Pain
  In siblings of children with acute lymphoblastic leukaemia 1072
  Recurrent. Letter 834
  Recurrent. Reply to Letter 834
Accidents
  On playground 573
Achalasia
  Absence of tear production. Case report 835
Adolescents
  Developmental behaviour and health 278
  Effectiveness in health. Review 1089
Adrenal Hyperplasia
  Adult height related to BMI in children 899
  Growth in untreated 21-hydroxylase deficiency 894
Adrenal Hypoplasia. Congenital
  Clinical and biochemical characteristics in 11 beta-hydroxylase deficiency 651
  With acute bilateral striatal necrosis 957
Adverse Drug Reactions
  Intensive C.U. 438
Air Pollution
  Peak expiratory flow in children 203
Alkalosis, Metabolic
  By oligoantigenic diet 103
Allergy
  Contact in relation to atopic disease 402
  Metabolic alkalosis by oligoantigenic diet 103
  To latex and banana anaphylaxis 709
Alpha-1-Antitrypsin Deficience
  Lung function in adolescence 815
  Slow platelets megakaryocyte system. Letter 964
Anaphylaxis
  To banana and latex allergy 709
Antenatal Diagnosis
  Of chylothorax with hydrops 749
Antibiotic Treatment
  Failure of cefotaxime in meningitis 831
Anthropometry
  Measurements for predicting SGA and LGA neonates 1
  Relation between height, sitting height and leg length 532
Antiepileptic Drugs
  Relation to Carnitine deficiency 93
Aplasia cutis congenita
  With Catlin marks in a family 701
Apnoe
  Detection by human performance and computer algorithm 1103
Arthralagia
  Prevalence of chronic knee pain 803
Asphyxia
  Creatine kinase isoenzyme in CSF in asphyctic preterms 1183
  Incidence, clinical course and prognosis 927
Asthma Bronchiale
  Atopy and bronchiolitis - Letter 660
  Insulin-like growth factor and collagen turnover after budosonide treatment 393
  Intermittent treatment with inhaled steroids 884
  Prevalence and risk factors in Hong Kong 820
  Salbutamol and blood glucose level 305
  After respiratory infection with wheezing - Letter 659
Atopy
  Contact allergy and hand eczema 402
  Family history and lung function of preterm infants 17
Auditory Evoked Potentials
  Development of brainstem 1216
Autism
  Gangliosides 787
Automatic Needle Insertion
  Diminishes pain during GH injection 331

Bacterial Colonisation
  In larynx and trachea in healthy children 566
Bile Acids
  Urinary in familial intrahepatic cholestasis 1119
Biliary Atresia
  With sclerosing cholangitis in siblings 1444
Biopsy
  Medazolam in small bowel biopsy 1429
Blood Pressure
  Role for alpha-arginine NO pathway in newborns 460
Body Tilting
  Effect on healthy term infants 474
Bone Marrow Transplantation
  Allogenic in children 683
  Neuropsychological deficits 325
  Neuropsychological reactions 429
Bone Mineralization
  Dietary calcium saturated fat and fiber as predictors 388
  In female former gymnasts 1109
  In obese children 316
  Radial mineral accretion in healthy children 383
Bowel
  Medazolam in biopsy 1429
Brain Function
  Electrophysiological assessment in malnutrition 1245
Breast Feeding
  Beta-glucuronidase and prolonged jaundice 237
  Effect of lactation centers on pattern, morbidity and growth 1221
  Effects of maternal pethidine 140
  Growth in Bhutan 1029
  Influencing factors. Viewpoint article 465
  Method and breast engorgement mastitis and infantile colic 849
  Practice in Norwegian maternity wards 1973, 1982 and 1991. 719
Breech Presentation
  Fetal pituitary and postmaturity. Commentary 1100
Bronchiolitis
  Asthma and atopy - Letter 660
Broncho-Pleural Fistula
  Occlusion in a preterm infant 1079
Bronchopulmonary Dysplasia
  Early protein oxidation in neonatal lung 1296
  Relation to levels of surfactant-anti-surfactant immune complex 128

Treatment of respiratory failure from RS-virus infection with NO 100

C-reactive Protein
In neonatal infections 10
Calcium Homeostasis
Urinary excretion in Swedish children 156
Candida Infection
Detection in malignant disease 183
Evaluation of antigen and antibody assays. Letter 964
In liver transplant recipients 424
Prophylaxis after transplantation 463
Carbohydrate Deficient Glycoprotein Syndrome
Cerebral abnormalities on proton MRS 781
Gonadal function and glycoprotein hormones 655
Carbon Monoxide Poisoning
Chronic in children 742
Cardiac Arrhythmias
Mimicking neurological disorder 569
Cardiac Murmur
Chest X-ray and ECG in asymptomatic children 1379
Carnitine Deficiency
In treatment with antiepileptic drugs 93
Relation to anti-epileptic drugs 93
Caustic Ingestion
Prediction of complications of endoscopy 1177
Central Nervous System Infections
Interleukin-6 in CSF 879
Cerebral Blood Flow
Effect of ventilation in newborn infants 132
Postnatal development of responses to CO_2 in the piglet 1414
Postnatal development in piglets 1414
Cerebral Ischemia
Ascorbic acid in newborn piglets 621
Cerebral Palsy
Position for swallowing 689
Cerebrospinal Fluid
Glucose concentration and fever 1276
Chernobyl Accident
Pregnancy outcome 357
Cholangitis Sclerosing
With biliary atresia in siblings 1444
Cholera
Outbreak of vibrio cholerae 0139 206
Cholecystokinin
Age-related plasma levels 1344
Cholelithiasis
In Down syndrome 711
Chronic Diseases
Parental and primary care physicians' views on management 1165
Chronic Granulomatous Disease
Prevalence, genetics and clinical presentation in Sweden 1386
Chylothorax
Congenital with hydrops, antenatal diagnosis and care 749
Chylous Ascites
Postoperative 949
Ciprofloxacin
Safety of therapy 555

Clotting
von Willebrand factor in infancy 697
Coeliac Disease
And insulin dependent diabetes mellitus. Inv. Commentary 1337
Antiendomysium antibodies in Italian multicenter study 1125
Anti-endomysium and anti-gliadin in serum as markers 294
Latent in Italy 1252
Prevalence among Italian students 672
With diabetes 1432
With muscular dystrophy 707
With neutropenic and granulocytic hypersegmentation 705
Colostrum
Effect on infantile diarrhoea in Guinea-Bissau 398
Protective effect on rotavirus infection 996
Committee Report
Defining childhood obesity 961
Guidelines for care in Down Syndrome 823
Congenital Anomalies
After gestational gamma globulin prophylaxis 1436
Congenital Heart Disease
Imaging. Commentary to supplement 410 983
Congenital Intestinal Obstruction
Gastric aspirate 945
Convulsions
Concentration of glucose in CSF and fever 1276
Coronavirus
Respiratory colonization in neonatal ICU 617
Cow's milk allergy
Prospective study in Turkish infants 1320
Crohn's Disease
Remission following elemental diet 79
Small bowel radiology in diagnosis and management 1375
Cystic Fibrosis
Colonization and moraxella catarrhalis. Letter 1124
Homozygosity for the CFTR gene mutation 175 insT 1199
Pancreatic sufficiency and abdominal pain 577
Response to oral beta-carotene ß-supplementation 1132
Cytomegalovirus Infection
Ganciclovir therapy in congenital hepatitis 340

Day-care Centres
Morbidity 447
Delivery Medication
Effect of pethidine on breast-feeding 140
Development
Estrogen and pubertal skeletal development 627
In stunted Jamaican children in relation to nutrition 22
Of behaviour in adolescents and health implications 278
Of ELBW infants at 4 years 500
Of sleep-wakefulness in preterm infants 484
Diabetes, Insulin Dependent
Adjustment of patient and family 41
And celiac disease 1337
Blood glucose variability in adolescents 70
Follow-up of anti-insulin antibodies 639
Growth hormone secretion 646
IgA bovine serum albumin antibodies in newly diagnosed 1258

Onset mortality 1197
Short and long-term initial hospital stay 41
With coeliac disease 1432
Diabetes. Juvenile.
Retarded growth in Indian children. Letter 354
Diarrhoea
Diarrhoea and colostrum 398
Early feeding 986
Early feeding in infancy 1002
Nosocomial in infant wards 667
Penetration of EPEC in intestinal epithelium 453
Protective effect of hyperimmune cow colostrum rotavirus infection 996
Risk factors for development of dehydration 160
Role of amylase treated energy-dense liquid diet in shigellosis 867
Treatment with high calorie rice-derived glucose polymer-based ORS 165
Treatment of with hypotonic ORS 289
Diarrhoea. Persistent
Alanine and glucose based hypo-osmolar ORS 775
Dietary Fat
Effects on growth, energy and nutrient intake 146
Dismutase Activity
In erythrocytes in premature infants 1421
Doppler Technique
Continuous haemodynamic monitoring 761
Down Syndrome
With cholelithiasis 711
Guidelines for care. Committee Report 823
Dyslipidemia
Detection and management. Viewpoint article. 1213

ECMO
Clinical experience 442
Eczema
And contact allergy 402
EEG-abnormalities
In children in Ecuador 197
Empty Sella
Primary in children and adults 1382
Enteral Nutrition
Nutritional response 528
Enuresis
Social and behavioural perspectives 37
Treatment with combined alarm and desmopressin 1014
Epidemiology
EEG abnormalities, malnutrition, parasitism and goiter in children in Ecuador 197
Hospital population of childhood epilepsy 1143
Haemophilus influenzae type B infections 173
Poststaphylococcal nephritis in Turkey 817
Prevalence of asthma and risk factors in Hong Kong 820
Severe mental retardation in Lahore, Pakistan 267
Epilepsia
Epidemiological study of general hospital population 1143
Etiology in mentally retarded children 1153
Prevalence and outcome in mental retardation 1147
Status epilepticus with rhabdomyolysis 1083
Epstein-Barr Virus
Chronic active infection in Japan 1271
Erythrocytes
Dismutase activity in premature infants at birth 1421
Erythropoiesis
In VLBW infants. Commentary to Letter by Meyer and Meyer 159
In VLBW infants. Letter 155
Erythropoietin
In anemia of prematurity 809

Faecal Flora
Influence of nutrition in newborn infants 1347
Family Situation
Relation to MBD 30
Fatty Acids
Polyunsaturated in protein-energy malnutrition 516
Fetal Growth
And maternal smoking 118
Fetomaternal Compartment
Interleukin-1 receptor antagonist 233
Finnish Disease Heritage
Review Article 1094
Fontanell
Bulging after high dose of vitamin A 863
Fructose Intolerance
Aldolase mutation and SIDS 947
Fructose Malabsorption
And fruit juice 1241

Gamma Globulin Prophylaxis
Congenital anomalies after gestational prophylaxis 1436
Gangliosides
In autism 787
Gastrin
Age-related plasma levels 1344
Gastro-Oesophageal Reflux
Maturation in preterm infants 245
Genetic Diseases
In Finland 1094
Inborn errors of metabolism in Finland 1094
Population genetics in Finland 1094
Glomerulonephritis
Acute in Turkey 817
Glycoprotein Hormones
In carbohydrate deficient glycoprotein syndrome 655
Goiter
In children in Ecuador 197
Gonadal Function
In carbohydrate deficient glycoprotein syndrome 655
Growth
After ciprofloxacin therapy 555
And breast feeding in Bhutan 1029
Development and nutrition in stunted Jamaican children 22
Effect of dietary fat 146
Effect of lactation centers 1221
In early-treated congenital adrenal hyperplasia 894
Influence of sodium supplementation in preterm infants 1312
In polycystic kidney disease 1227
In short stature treated with GH and LHRH analogues 1204
In term infants fed formulas enriched with LCP fatty acids 725

In triplets 661
In Turner syndrome 550
In untreated 21-hydroxylase deficiency 894
Prediction of response to GH in short prepubertal children 51
Relation between height, sitting height and leg length 532
Sexual maturation in East German girls 1362
Spinal posture during puberty 308
Suppression of methotrexate in rabbits 1237
Swedish reference standards for height, weight and body mass index from school-age to adolescence 1019
Growth Factor
Insulin-like and collagen turnover in budosonide treated asthmatics 393
Growth Hormone
Secretion in prepubertal children with diabetes 646
Growth Hormone Deficiency
Antibiotics to GH after treatment with different preparations 1233
Antibodies to GH after GH treatment 1233
Auxiological, clinical and neuroradiological findings 561
Growth Hormone Therapy
GH and GRH treatment in precocious puberty 299
Growth Retardation
Growth, development and nutrition. Jamaican study 22
In diabetic Indian children. Letter 354
Guillain-Barré Syndrome
Plasma exchange 355

Haemodynamic Monitoring
Use of transoesophageal Doppler 761
Haemophilus Influenzae
In healthy children in Hong Kong 1262
Haemophilus Influenzae Type B Infections
In Hongkong 1986-90 173
Haemorrhage, Intraventricular
Low levels of plasminogen in CSF as limiting factor for clot lysis 933
Hall-Pallister Syndrome
Variant or new syndrome 1322
Headache
Among siblings of children with acute leukemia 1072
Head Injury
Among children in Reykjavik 96
Health
Threats in adolescence. Review 1089
Hearing
At 5 years in preterm infants 1160
Hearing Threshold
Development revealed by brainstem auditory evoked potentials 1216
Heart Failure
Caused by vitamin D deficiency 106
Heat Burns
Iatrogenic in severely asphyxic newborns 1438
Hepatic Fibrosis. Congenital
Long term follow-up 695
Hepatitis C Virus
Mother-to-infant transmission 251
Humoral response after renal transplantation 677
Herpes Infection
In newborns 256

Histiocytosis
Treatment with interleukin 2 1208
HIV Infection
Treatment of leucopenia with granulocyte-macrophage stimulating factor 943
Hydraminos
From fetal pseudohypoaldosteronism 582
Hydrops
With congenital chylothorax 749
Resolution of foetal non chylous 1441
Hypertension
Enalapril in neonatal hypertension 1426
Neonatal treatment with enalapril 1426
Hypoalbuminemia
From polyposis. Case Report 2833
Hypocalcemic Seizures
In breastfed infants 941
Hypomagnesemia
Primary idiopathic in two siblings 1075
Hypophosphatasemia
Persistent non-familial and asymptomatic 346
Hypopituarism
Congenital with hypoplasia of anterior pituitary gland 1201
Hypothyroidism
Protection of newborn from induced HT. Letter 1211
Significance of elevated serum thyrotropin during treatment 634
Suppression of TSH by dopamine in CH 213

Iatrogenic Damage
Radiant in severely asphyctic newborns 1438
Immunoglobulins
IgA subclasses or IgA deficiencies. Letter 828
Levels during treatment of malignant disease 177
Response during treatment of malignant disease 177
Infant Feeding
Cholesterol in stools in relation to intake in preterm infants 240
Growth in term infants fed LCP-fatty acid enriched formulas 725
In a rural area in Vietnam 1045
In Bhutan 1029
Metabolic alkalosis by oligoantigenic diet 103
Plasma amino acids and protein concentrations in infants fed human milk; mothers' actions 733
Mothers' attitudes 512
Selenium in breast and formula fed infants 859
Weaning practices in Madrid 853
Infantile Colic
Method of breast feeding 849
Infantile Spasm
Associated with theophylline toxicity. Case Report 215
Intensive Care
Adverse drug reactions 438
Interleukin
In CSF in CNS infections 879
Serum interleukin-2 receptor in children 151
Interleukin-6
Interleukin receptor antagonists in fetomaternal compartment 233
Intrahepatic Cholestasis, Familial
Urinary bile acids 1119

Iron Status
Longitudinal studies in healthy Danish infants 1035
Iron Supplementation
Hypochromic erythrocytes as an indication. Letter 1203

Jaundice
Prolonged and beta-glucuronidase in breast milk 237
Juvenile Chronic Arthritis
Nutritional Status 1010

Kala-Azar
Non-epidemiological in Turkey 1034
Kawasaki Disease
Incidence and clinical features in Sweden 769
I.v. gamma globulin treatment. Nationwide survey in Japan 765
Review 713
Kernicterus
Magnetic resonance imaging 937
Krabbe's Disease
Case with 15 Years Follow-up 218

Lactation Centers
Effect on breast feeding patterns 1221
Letter to the Editor
Alpha-1-Antitrypsin deficiency. Platelets 964
Aminophylline and caffeine in apnea in preterms 1207
Bradycardia prophylaxis. Aminophylline versus caffeine citrate 1099
Bronchiolitis and asthma 660
Chronic carbon monoxide poisoning 742
Cystic Fibrosis. Colonization and moraxella catarrhalis 1124
Erythropoiesis in VLBW infants. Commentary to Letter by Meyer and Meyer 159
Erythropoeisis in VLBW infants. Letter 155
GH therapy and tumor recurrence 1102
Growth retardation in diabetic Indian children 354
Guillain-Barré Syndrome. Plasma exchange 355
Hypochromic erythrocytes and iron supplementation in preterms 1203
IgA subclasses or IgA deficiencies. Letter 828
Kala-Azar. Non-epidemiological in Turkey 1034
Moraxella Catarrhalis 1212
Mutation of glycine receptor and gaba metabolism. Letter 5
Prophylaxis of NEC 21
Protection against induced hypothyroidism 1211
Recurrent abdominal pain 834
Retarded growth in Indian children. Letter 354
Rickets. Presentation in China. Letter 940
Seckel's Syndrome 839
Systemic sclerosis. Treatment with cyclosporin 69, 604
Vitamin D intoxication in China. Letter 940
Wheezing in infection and asthma 659
Leukaemia
Detection of candida infection 183
Immunoglobulin levels and lymphocyte response to mitogenic stimulation during treatment 177
Psychosomatic symptoms among healthy siblings 1072
Lipids and Apolipoproteins
In serum from 1-15 years. Relation to genetic and environmental factors 1113
In serum in relation to dietary intake energy, fat and calcium 1050
Listeriosis
Peripheral blood gamma delta cells 1434
Liver Transplantation
Serological diagnosis and incidence in recipients 424
Lung Disease. Chronic
Response to NO in infants 1188
Lung Function
In adolescents with alpha-I-antitrypsin deficiency 815
PEF and air pollution 203
Lung Malformation
Misalignment of pulmonary vessels 349
Lymphocyte Response
To mitogenic stimulation during treatment of malignant disease 177

Magnetic Resonance Imaging
After cirpofloxacin therapy 555
In kernicterus 937
Malabsorption
Of fruit juice not only fructose 1241
Malignancies
Psychological coping in survivors 1395
Trends in survival 316
Malnutrition
Electrophysiological assessment of brain function 1245
Higher mental function in 10-12 years old boys 1357
In children in Ecuador 197
Marfan's Syndrome
Clinical and immunohistochemical findings 1329
Mastitis
Method of breast feeding 849
Medical Ethics
Implications of non-survival after CPR in VLBW infants 589
Meningeoma, Spinal
Chest pain as presenting manifestation. Case Report 1086
Meningitis
Failure of cefotaxime treatment 831
Pathogens and susceptibility in children with diarrhoea 693
Prognostic factors 873
Meningococcal Disease
Factors associated with fatal outcome 1137
Recrudescence and relapse in three cases 342
Mental Development
Chronic malnutrition 1357
Mental Retardation
Epilepsia. Prevalence and outcome 1147
Etiology of epilepsia 1153
Population-based study of mild and severe 261
Severe in Lahore, Pakistan 267
Metabolic Alkalosis
Due to oligo-antigenic diet 103
Methaemoglobinaemia
In neonatal intensive care unit 365
With high dose NO administration 1318
Microcirculation
Laser Doppler skin perfusion in newborns 457
Minimal Brain Dysfunction
Screening at 6 years of age 30

Moraxella catarrhalis
Letter 1212
Morbidity
Effect of lactation centers 1221
In day-care centres 447
Mortality
In SIDS in low social groups 188
Mother-Infant Interaction
Lack of maternal body contact 468
Mother-to-Infant Transmission
Of hepatitis C virus 251
Mother's Attitude
To infant nutrition 512
Mucopolysaccharidosis
Presenting features in Hurler's syndrome 337
Mumps
Gamma-delta T-lymphocytes in meningitis 1268
Munchausen Syndrome by Proxy
A review 977
Muscular Dystrophy
In coeliac disease 707
Myotonic Dystrophy
Outcome of pregnancy and CTG gene expansion 416

Necrotizing Enterocolitis
Prophylaxis with oral antibiotics. Letter 21
Neonatal Care
Maternal perceptions 593
Neonatal Physiology
Postnatal development of cerebral blood flow velocity in piglets 1414
Nephrotic Syndrome
In congenital erythropoietic porphyria 1325
Short versus long initial steroid treatment 889
Neuroblastoma
Effect of mass screening in infancy 1173
Neurodevelopmental Deficits
After CPAP treatment in sleep apnea 791
Neuropsychological Deficits
After bone marrow transplantation 325
Neuropsychological Reactions
After bone marrow transplantation 429
Neutropenia
in coeliac disease 705
Newborns
Anthropometric measurements in predicting SGA and LGA neonates 1
Cord blood cells and indices in maternal smoking 371
Newborns. Complication
Iatrogenic radiant burns in asphyctic newborns 1438
Newborns. Infections
Brain abscesses in a preterm infant 585
Herpes simplex. Clinical features and type of maternal infection 256
Interleukin-6 and soluble interleukin-6 receptor in cord blood 806
Usefulness of serial C-reactive protein measurements 10
Newborns. Nutrition
Influence on faecal flora 1347
Newborns. Pathology
Brain lactate in growth retardation 495
Congenital ascites. Case Report 829
Congenital chylothorax with hydrops 749
Early protein oxidation and chronic lung disease 1296
Gastric aspirate and congenital inherited obstruction 945
Hypermetabolism in hypoxic-ischemic encephalopathy (PET) 1289
Identification of occult spinal dysraphism 208
Intraventricular haemorrhage plasminogen in CSF and clot lysis 933
Methaemoglobinaemia 365
Non chylous hydrothorax 1441
Subaponeurotic haemorrhage 1065
Newborns. Physiology
Body temperature, TSH release and lipolysis 1284
Effect of ventilation on cerebral blood volume 132
Effect of body tilting 474
Measurements of venous oxygen saturation by fibreoptic catheter 122
Respiratory water loss and gestational age 1056
Role for arginine NO pathway in blood pressure regulation 460
Separation distress and maternal body contact 468
Skin perfusion. Laser Doppler 457
Skin temperature and heat flow 605
Skin temperature and heat flow. Evaluation of mothers 599
Skin temperature and heat flow from skin 605
Newborns. Pulmonary Hypertension
Response time to NO 1305
Response to inhaled NO 1305
Newborns. Respiratory Distress Syndrome
Levels of surfactant-anti-surfactant immune complex and BPD 128
Newborns. Treatment
Anti-D quantitation and treatment in severe Rh-immunization 1315
ECMO 841
Enalapril in hypertension 1426
Enalapril in neonatal hypertension 1426
Experience with percutaneous central silastic catheters 756
Percutaneous silastic catheters 756
Response time to NO in persistent pulmonary hypertension 1305
Nitric Oxide
Duplicated by the haemoglobinemia 1318
In neonatal pulmonary hypertension 1305
Response in infants with chronic lung disease 1188
Role in neonatal blood pressure regulation 460
Treatment of respiratory failure in BPD 100
Nutrition
Dietary calcium saturated fat and fiber as predictors of bone mineral density 388
Dietary fat and growth. Effects on energy and nutrient intake 146
Dietary intake of energy, fat, calcium and serum lipids 1050
Enteral in home 528
In adolescents and young adults with PKU 743
In juvenile elite gymnasts 273
In stunted Jamaican children 22
LBW infants. Invited Commentary to Supplement no. 405 210

Nutritional Status
In juvenile chronic arthritis 1010
Pregnancy and nutritional status of previous child in Bhutan 478

Obesity
Definition by us of relative BMI. Committee Report by ECOG 961
Lumbar spine bone mineral density 313
Odour
Screening device for odorant identification 434
Oligoantigenic diet
Causing metabolic alkalosis 103
Oncology
Immunoglobulin levels and lymphocyte response during treatment 177
Risk of tumor recurrence after GH therapy. Letter 1102
Oral Rehydration Therapy
Hypoosmolar ORS in persistent diarrhoea 775
Hypotonic in acute diarrhoea 289
Osteomyelitis
Chronic recurrent unusual features 222
Otitis
Tbc otitis in a preterm infant. Case Report 955
Otitis Media
Incidence when associated with RS virus infections 419
Prediction with symptoms and signs 90
Oxygen Saturation
Measurements by fibreoptic catheter in newborn infants 122

Pain
Chronic knee pain. Prevalence 803
Diminishes by automatic needle insertion 331
Procedural in a surgical emergency unit 1403
Parasites
In children in Ecuador 197
Parenteral Nutrition
Plasma lecithin: cholesterol acyl transferase and lipolytic activity in preterm infants 1060
Thyroidal complications in preterm infants related to the use of silastic catheters 579
Parvovirus Infection
Expanding spectrum of disease 109
Pelvis Dimensions
Ultrasound measurements in females 536
Perinatal Conditions
Relation to MBD 30
Perinatal Hypoxemia
Cerebral and ventilatory depression in newborn Guinea-pigs 1409
Xanthine oxidase in systemic circulation during resuscitation of newborn pigs 507
Perinatal Medicine
Ascorbic acid in cerebral ischemia 621
Perinatal Morbidity
Assessment of sources of infection of postnatal deaths 1280
Phenylketonuria
Editorial comment to supplement 407 716
Indices of dietary control 521
Neurological findings after early treatment 411
Nutrient intake and food consumption 743

Physical Exercise
Nutrition in juvenile elite gymnasts 273
Pituitary Gland
Anterior hypoplasia with congenital hypopituitarism 1201
Fetal, postmaturity and breech presentation. Commentary 1100
Plasminogen
In CSF after intraventricular haemorrhage 933
Pneumocystis carinii
Diagnosis of pneumoniae in preterm infants 1309
Poisoning
Chronic carbon monoxide. Letter 742
Polycystic Kidney Disease
Growth 1227
Polyposis
Cause of hypoalbuminemia. Case Report 1447
Porphyria
Congenital erythropoietic with nephrotic syndrome and renal fibrosis 1325
Position Emission Tomography
In newborns with hypoxic-ischemic encephalopathy 1289
Postmaturity
Fetal pituitary and breech presentation. Commentary 1100
Posture
Spinal damage pubertal growth 308
Prader-Willi Syndrome
Effects of weight loss on breathing and sleep 813
Precocious Puberty
GH and GRH treatment 299
Predictive value of initial assessment in females 544
Pregnancy Outcome
After Chernobyl accident 357
And nutritional status of previous child in Bhutan 478
Outcome in myotonic dystrophy 416
Preterm Infants. Anemia
Enhancement of erythropoiesis by erythropoietin and fortified mother's milk 809
Hypochromic erythrocytes as indication for iron supplementation. Letter 1203
Preterm Infants. General Aspects
Aminophylline and caffeine in apnoea and bradycardic prophylaxis 360
Brain lactate 495
Development of gastro-oesophageal reflux 245
Development of sleep-wakefulness rhythm 484
Erythropoeisis. Commentary to Letter by Meyer & Meyer 159
Treatment 360
Preterm Infants. Infections
Tbc otitis. Case Report 955
Preterm Infants. Lung Function
Influence of family history of atopy at follow-up 17
Preterm Infants. Neurology
Posthemorrhagic ventricular dilatation 1193
Preterm Infants. Nutrition
Invited Commentary to Supplement no. 405 210
Preterm Infants. Physiology
Endocrine response to maximum renal acid stimulation 490
Erythropoiesis. Letter 155
Dismutase activity in erythrocytes 1421
Sodium supplementation and weight gain 1312

Preterm Infants. Pathology
Creatine kinase isoenzyme in CSF in asphyxia 1183
Diagnosis of *Pneumocystis carinii pneumoniae* 1309
Multiple brain abscesses 585
Preterm Infants. Prognosis
Development and behaviour of ELBW infants (> 900 g) at 4 years 500
Hearing loss at 5 years 1143
Quality of life of VLBW infants when adult 1339
Preterm Infants. Treatment
Aminophylline and caffeine in apnea and bradycardia. Letter 1207
Bradycardia prophylaxis. Aminophylline versus caffeine citrate. Letter 1099
Cerebral blood flow and left ventricular output in caffeine and aminophylline treatment 6
Circulatory effects of ventilator rate and PEEP 1300
Ethical implications of CPR 589
Plasma lecithin: cholesterol acyl transferase activity and lipolytic activity in TPN 1060
Pulse oximetry as alarm setting during artificial ventilation 613
With porcine surfactant including prophylaxis 913
Protein Energy Malnutrition
Polyunsaturated fatty acids in erythrocytes and plasma lipids 516
Pseudohypoaldesteronism
Causing hydramniosis 582
Psychological Development
In triplets 661
Psychopathic children
Long-term follow-up. Commentary to supplement 408 703
Psychological Coping
In childhood cancer survivors 1395
Psychosomatic Symptoms
Co-occurrence with psychosocial risk factors 795
Puberty
Estrogen and skeletal physiology 627
In East German girls 1362
Spinal posture 308
Puberty. Precocious
Predictive value of initial assessment in females 544
Pulmonary Hypertension
Effect of inhaled NO 1305
Pulse Oximetry
In ventilated preterm infants 613
Pyomyositis
Caused by vigorous exercise 226

Respiratory Syncytial Virus
In acute otitis media 419
Respiratory Tract Infection
Nosocomial with coronavirus in neonatal JCU 617
Trial with i.v. immunoglobulin and trimethoprim sulphamethoxazol in recurrent RTI 1007
Respiratory Water Loss
In newborn on first day related to gestational age 1056
Rett Syndrome
Clinical peculiarities - Review 971
Prevalence in Estonia 1070
Rh-immunization
Anti-D quantitations and treatment 1315
Rhabdomyolysis
Recurrent in *status epilepticus* 1083
Rheumatoid Arthritis
Sulphasalazine desensitisation 952
Rickets
Presentation in China. Letter 940
Risk Factors
And psychosomatic symptoms 795
Rosén von Rosenstein
Editorial. Life and contributions 965
Rotavirus Infection
Protective effect of hyperimmune cow colostrum 996

Screening
Detection of generalized thyroid hormone resistance by cord blood screening 335
For neuroblastoma 197
For MBD at 6 years of age 30
Seckel's Syndrome
With cystic lung. Letter 839
Seizures. Febrile
And low serum sodium levels 1372
Factors triggering 407
Selenium
In breast and formula fed infants 859
Serum Albumin Antibodies
IgA in newly diagnosed insulin-dependent diabetes 1258
Shigellosis
Role of amylase treated energy-dense liquid diet 867
Short Stature
Effects of GH releasing factor 631
Growth promotion by GH and LHRH analogue 1204
GH-response to GH releasing hexapeptide 904
Prediction of response to GH in short prepubertal children 51
Skin Temperature
In newborn infants 605
Methods for measurement in newborn infants 599
In term newborns 605
Sleep Apnea, Obstructive
CPAP treatment in neurodevelopmental deficits 791
Sleep-wakefulness
Development in preterm infants 484
Smoking
Influence on fetal growth 118
Maternal and cord blood cells and indices 371
Sodium Homeostasis
Low serum levels and febrile seizures 1372
Somatostatin
Age-related plasma levels 1344
Sphingolipidosis
Case of Krabbe's disease with 15 years' follow-up 218
Spinal Dysraphism
Identification of occult S.D. in neonates 208
Sports Medicine
Bone mineral content in female former gymnasts 1109
Nutrition in elite gymnasts 273
Startle Disease
Mutation of glycine receptor and gaba metabolism. Letter 5
Streptococcus pneumoniae
In healthy children in Hong Kong 1262

Subaponeurotic Haemorrhage
In the 1990's 1065
Sudden Infant Death Syndrome
Classification and epidemiology 1366
Increased levels of interleukin-6 in CSF 193
In fructose intolerance 947
Postneonatal mortality in low social groups 188
Rebreathing of CO_2 as a possible cause 988
Scoring approaches in St Petersburg, Russia 75
Sleep position and arterial oxygen saturation in infants at risk 379
Sleeping position 375
Surfactant
Effect on NST reduction in leucocytes 922
In respiratory failure in neonatal septicemia 14
Levels of surfactant-anti-surfactant immune complex in RDS and BPD 128
Result of prophylaxis and treatment of 25-31 weeks preterm 913
Swallowing
Position in children with CP 689
Syndromes
Variant of Hall-Pallister syndrome or new syndrome 1322
Systemic Sclerosis
Treatment with cyclosporin. Letter 69, 604

Tear Production
In achalasia. Case report 835
Thyroid Gland
Complications in preterm infants related to the use of silastic catheters 579
Volume measured by ultrasonography 58
Thyroid antibodies in Turner's syndrome 63
Thyroiditis in Turner syndrome 909
Thyroid Hormone Resistance
Detection by cord blood screening 335
Tongue Necrosis
Due to vasculitis 1333
Transplantation
Prophylaxis of Candida infection 463
Renal. Humoral response to hepatitis C 677
Triplets
Growth and mental development 661
TSH-release
In newborn infants and body temperature 1284
Tuberculosis
Tbc otitis in a preterm infant. Case Report 955
Turner's Syndrome
And thyroid antibodies 63
Increased urinary excretion of collagen crosslinks 66
Final height, karotype and parental height 550
With thyroiditis 909

Ultrasonography
Measurement of volume of thyroid gland 58
Urinary Excretion
Of calcium 156
Urinary Tract Infection
Role of IV urography in diagnostic imaging 84
Urography
For diagnostic imaging in urinary tract infection in children 84

Vasculitis
With tongue necrosis 1333
Ventilation
Cerebral blood volume and pressure ventilation in newborns 132
Viewpoint Articles
Commentary on neonatal ECMO 841
Dyslipidemia 1213
